

Cindy L. Grossman

Curriculum Vitae

Cindy Grossman's practice encompasses a wide variety of corporate and partnership transactions with international, federal, and state tax implications, including stock and asset acquisitions, partnership freeze transactions, planning, structuring, and implementation of mergers, real estate transactions, and other recurring and non-recurring business transactions. Ms. Grossman has a breadth of experience in corporate and partnership formation and operation, entity conversion and reorganization, business planning, business succession planning, and asset protection planning. She represents business clients at all stages of their ventures, from establishing start-ups and negotiating and structuring angel and later round debt and equity financing, to growth planning and implementation, to devising and implementing appropriate exit strategies, including equity and asset sale transactions. Ms. Grossman also assists clients with proper planning and structuring of cross-border transactions, as well as with strategic offshore placement of business assets for asset protection and tax planning purposes. Ms. Grossman utilizes her expertise in tax-efficient entity planning to assist individual clients in the establishment or maintenance of complex estate planning structures involving partnerships, limited liability companies, and other entity types. She also advises clients on the use and structuring of captive insurance companies, and had the unique opportunity to offer her legal expertise, pro bono, during the aftermath of President Trump's "extreme vetting" Executive Order in early 2017.
